Jason Followell heck he got stopped by cops and they found Pot, and paraphernalia in his vehicle and he didn't get arrested, anyone else would have been arrested, brought to jail and beaten with a bat.

Jason Followell anyone can repeat hearsay, so what proof do you have that any of this is true?

5w

 Author**Jason Followell**

Donna Trent Vaden I already showed the proof on the Will numerous times. Why should I have to repeat myself when everyone by now knows I only show facts and not hearsay.

**Donna Trent Vaden**

Jason Followell if all of this is true, what does any of it have to do with you, except the part where she calls you a Satanist?

Donna Trent Vaden you asked me a question and I answered you. Why are you defending a criminal who steals your money is the better question? Smdh I am appalled, sick and tired of people like you attacking me instead of the criminals that take your money and freedoms. You lost a friend.
